

ICC Los Angeles Basin Chapter

Presents

2005 National Electrical Code for Code Officials

The ICC Los Angeles Basin Chapter is sponsoring a one-day seminar on the changes to the 2005 National Electrical Code open ONLY to code officials employed by Governmental Agencies or Contract Consultants.

Objective: Review major changes to the 2005 National Electrical Code that affect code verification of electrical installations. There are significant changes that effect general wiring practices, arc-fault protection in dwellings, disconnects for fluorescent lighting and health care facilities.

SPEAKER: Jeffrey S. Sargent – Senior Electrical Specialist and senior editor of the 2005 National Electrical Code Handbook, National Fire Protection Association

WHEN: Thursday, December 13, 2007

TIME: Check in 7:30 a.m.; class 8:00 a.m. – 4:00 p.m.

WHERE: County of Los Angeles, Department of Public Works building
900 S. Fremont Avenue, Alhambra, CA 91803 – Alhambra Room

COST: FREE! Parking free.

HANDBOOK: FREE! 2007 California Electrical Code - complements of NFPA

LUNCH & REFRESHMENTS: Not provided. Attendees on their own for the lunch break.
