

## The ICC Los Angeles Basin Chapter Presents

# 2006 IBC Occupancy and Building Size Seminar

The ICC Los Angeles Basin Chapter is sponsoring a one-day seminar presented on two dates. The seminar addresses the critical concepts of the IBC regarding occupancy and building size regulations. This workshop provides a basis for understanding the various types of occupancies, heights and areas.

Upon completion, participants will be better able to:

- a) *Fully understand the various occupancies in the 2006 IBC.*
- b) *Go over examples of allowable heights and areas.*
- c) *Perform exercises in a group setting.*
- d) *Identify code requirements applicable to real world situations.*
- e) *Discuss the intent behind a given code requirement.*

**Speaker:** Paul Armstrong, PE - Director, Building and Safety Services, Interwest Consulting Group. Secretariat to many of the previous ICBO code development committees.
