Presents

California Accessibility 2009 CalDAG Overview

Spend a day with Mike Gibbens, author of the California Disabled Accessibility Guidebook (CalDAG), the only publication that combines the most stringent provisions between the ADA Accessibility Guidelines (ADAAG) and the California Building Code. Mike has written 13 books on disabled accessibility compliance and has served as an expert witness/consultant in countless lawsuits. Mike will bring current code changes to your attention while we learn what the provisions DO and DO NOT require from the top expert in this field.
