National Pollutant Discharge Elimination System Fourth Term NPDES Permit

Please join us on Thursday, April 17th as Patrick Bauer, REA, CPSWQ, Associate Engineer / NPDES Coordinator for the City of Costa Mesa will present a general overview of the proposed fourth term municipal National Pollutant Discharge Elimination System (NPDES) permit. The following areas will be discussed:

- Legislative/regulatory framework, including Clean Water Act of 1977, Federal Water Pollution Control Act of 1948, Water Quality Act of 1987
- Background on Orange County Watershed
- Historic permit accomplishments from 1990 to present
- New permit requirements for Years 2008-2012
- Key sections of the Clean Water Act related to stormwater management
- Three main types of stormwater NPDES permits
- New permit implementation approach and related technical issues

This will be an informative seminar for engineers, planners, building inspectors, and other professionals who are involved with stormwater issues. To celebrate ICC/OC 50th anniversary, the Program Director of both chapters chose the new Samueli Theater in Costa Mesa as the venue for this special event.

The lunch seminar will conclude with an exclusive 15 minutes backstage tour of the world famous Renée and Henry Segerstrom Concert Hall (see photo) by Costa Mesa Chief of Inspection Ed Petros.
