City of Westminster's **Green Expo** this year will include training on the new California Green Building Standards Code ([CALGreen](#)) which has been adopted by California Building Standards Commission as Part 11 of Title 24, with an effective date of January 1, 2011. After the Seminar, attendees can also visit the Green Expo that is scheduled to run between 3:30 and 6:30 in the Civic Center. The seminar will be held in the City training room with **limited number of seats**. Registration in advance and Presence at the start of the class is required to guarantee availability of seat.
