COMMERCIAL KITCHENS-HOOD & DUCT INSTALLATIONS

Sponsored by the San Diego Area Chapter ICC

COMMERCIAL KITCHENS-HOOD & DUCT INSTALLATIONS:

Learn about the code and listing requirements for exhaust hoods and grease duct installations in commercial kitchens, as required in chapter 5 of the California Mechanical Code. The seminar will include information on recalculating systems, referred to as "ductless hoods". Information will be provided on key installation concerns, proper sizing of hoods and ducts, grease duct enclosure systems, and the scope and limitations of the listed products used in the commercial kitchen exhaust systems. The seminar will include information on how to find information necessary to plan check and inspect installations.

Presented by:	John Taecker, P.E. Underwriters Laboratories
