Gregg Treloar

Technology:

ICC Orange Empire Chapter Meeting

Greetings,

An earthquake of magnitude 7 occurred in Haiti on Jan. 12, 2010 that killed more than 230,000 people, injured more than 300,000 people and left over 1,000,000 people without home or shelters. Later on Feb. 27, 2010, a magnitude 8.8 earthquake shocked Chile and cause more than 520 fatalities. What makes the drastic difference in the number of fatalities? How will these events affect us in California? Two structural engineers visited these places and will present their observations and share their insights with us. The speakers are:

Jeff Crosier, S.E., President Miyamoto International, Santa Ana, President of the Structural Engineers of Southern California, and,

Juan Carlos Esquivel, S.E., President JCE Engineering Group of Pasadena.

Date: Thur, July 15, 2010

Time: 11:30 a.m. - 2 p.m.

Meeting Location:

Tustin Ranch Golf Club
12442 Tustin Ranch Rd
Tustin, CA 92782
(714)734-211

\$25.00 If RSVP by end of Monday, 07/12/10 or \$30.00 at the door.

RSVP:

To: Y. Henry Huang: (714) 573-3130 or hhuang@tustinca.org
