Implementing CALGreen Nonresidential Plan Review and Inspection

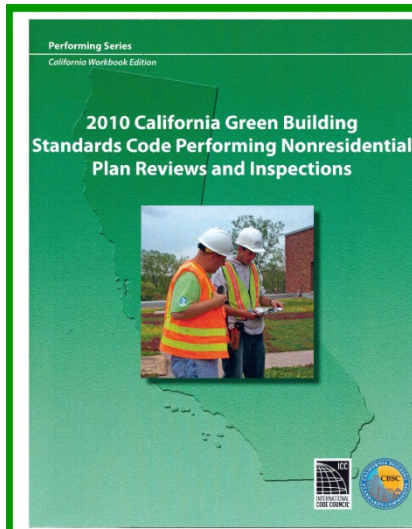

Nonresidential Plan Review & Inspection Seminar

Tuesday, July 26, 2011 – 8 am to 12:30 pm

Downtown Community Center, Hall A
295 Center Street, Anaheim, CA 92805

CALGreen, California's new mandatory green building code is now a fact of life for jurisdictions throughout the state.

Building officials now face the challenge of implementation – of verifying that building plans and completed projects meet code requirements.

Registration includes a copy of the new, *Performing Nonresidential Plan Reviews and Inspections Workbook*, published by ICC

This new training offering from Green Technology, in partnership with the International Code Council (ICC), will give you the information you need to accomplish these tasks!

This half-day course is based on a workbook developed by ICC that is specifically designed to build understanding through real-world examples.

Participants will leave with confidence that they can perform nonresidential plan review and inspection tasks involved in CALGreen implementation.
