ICC Orange Empire Chapter *Presents*

Structural Considerations for Podium Design

BOARD OF DIRECTORS

President

David Khorram, P.E., C.B.O.
Chief Building Official
Orange, CA

Vice President

Anthony Weimholt, C.B.O.
Building & Safety Manager
Norwalk, CA

Secretary

Gabriel Linares, P.E., C.B.O.
Building & Safety Manager
Brea, CA

Treasurer

Henry Huang, S.E., C.B.O.
Building Official
Tustin, CA

Past President

Hadi Tabatabaee, P.E., C.B.O.
Building Official
Fullerton, CA

Objective:

The Engineers at VanDorpe Chou Associates, Inc. (VCA) have prepared this presentation to those interested in expanding their practical knowledge of Mixed-Use construction. Mixed-use developments have seen much activity in recent years, and this presentation focuses upon many of the attendant structural concerns that have arisen with this popular type of construction. VCA will share their unique perspective from having direct experience with the plan review, design, repair and investigation of many projects that combine light-framing with concrete parking structures.

All Building Officials, Plan Reviewers and Inspectors who come into contact with this type of project will appreciate this PowerPoint presentation which highlights the key concepts that lead to a successful structural review of a Mixed-Use project. Learn which structural calculations are most critical, and which calculations have the highest sensitivity to error. Attendees will be informed to avoid common pitfalls with this type of construction. In addition, the presentation will present information from the latest Anchor Bolt tests conducted by SEAOC. This presentation is packed with practical information that can be immediately be put to good use.

Part I: Substructure-practical design and code considerations
Part II: Superstructure-practical design and code considerations
Part III: Anchor bolt in light frame construction
Part IV: Construction documents-What should be included

When: Wednesday March 24, 2010 from 8:00 AM to 4:00 PM
Where: The City of Orange Council Chambers
300 East Chapman Ave
Orange, CA 92866

Cost: \$30.00 per person for both sessions

Printed Material: Will be provided; also, please bring your building code books.

Refreshments: Lunch will not be provided

To Register: RSVP Charles Russell, 714-363-4751 or fax to 714-363-4747 or
E-mail icceducationcommittee@gmail.com by March 23, 2010

Seminar:

Structural Considerations for Podium Design
