### ICC Orange Empire Chapter

*Presents*

### *2009 IRC/2010 CRC*

### *Wall Bracing*

#### Objective:

### Understanding new Wall Bracing Requirements:

This presentation will guide the attendee a thorough basic understanding and analysis of the wall bracing requirements for wood framed residential structures. Attendees are encourage to bring there code books for this seminar. The class curriculum will include bracing history, understanding the code intent, clarifying the limits, available bracing options, determining the amount of bracing needed, applying adjustment factors, and recognizing special considerations.

This course is recommended for both plan checkers, building inspectors, and design professionals. The course starts at 9:00am and will conclude at 12:00pm. Lunch will not be provided. Each class participant will earn 0.3 CEU's for attending the seminar. Class registration will begin at 8:30 am
