ICC Orange Empire Chapter Meeting

Greetings,

This meeting is held jointly with the **Planning Directors Association of Orange County**. Jim Meacham, P.E., is the featured speaker. Mr. Meacham is the Director of Energy Services at CTG Energetics. Mr. Meacham has diverse experience and training in both the electrical and mechanical engineering fields, focusing on environmentally preferred solutions for the built environment. With more than 8 years of experience in the design, implementation, optimization, and verification of complex energy systems, Mr. Meacham has completed projects include zero net energy communities, solar powered off-grid buildings, and numerous existing building commissioning, controls development, and optimization projects. Mr. Meacham will make an interesting and informative presentation on:

Climate Action Plan
