## ICC Orange Empire Chapter Meeting

### **Greetings,**

There are about 315,000 licensed contractors in the State of California. The Contractor State License Board (CSLB) is the state agency that licenses and regulates these contractors. CSLB not only issues licenses but also investigate and prevent frauds and unlicensed, unqualified persons from construction. Building officials and code enforcement staff deal with contractors in our jurisdictions everyday. How do we work closer together for the safety of the public? From CSLB, the August meeting speakers are:

**Jerry Romiti, CSLB Investigator, and Carlos Marquez, CSLB Manager of the SWIFT (Statewide Investigative Fraud Team)**

Please invite code enforcement officers and planners of your jurisdiction to meet with CSLB.

**Date: Thur, Aug 19, 2010**
